OFFICE OF THE DIRECTOR

Action Memorandum No. A-219

Date 9 April 1963

TO : Deputy Director/Research

SUBJECT : This is a summary of the actions requested at the morning meeting on 9 April and is to serve as a reminder to you.

REFERENCE:

1. The DCI wishes assurance that communications containing substantive intelligence handled by special DD/R channels are properly processed to the DD/I and DD/P units.

2. The DCI wishes a study made on advanced satellites and their capability directed toward the probability that OXCART will never be permitted to operate over the Soviet Union. Simultaneous with this you should consider the procedures to be followed in the event a decision is made to surface OXCART for conventional military use.
